Teambuilding & Motive Matters

June 11th 6 p.m.

Graduation

Engaging Future Community Leaders

Leadership Joplin is a program developed by the Joplin Area Chamber of Commerce and sponsored by community businesses to identify, cultivate and motivate future community leaders. Leadership Joplin is in its 36th year with more than 925 graduates. This informative and thought-provoking program introduces participants to the community, exposes them to its challenges and requires them to fully participate in the 12-session curriculum. In addition, Leadership Joplin provides a strategic curriculum to enhance participants’ leadership skills and creates a dialogue for discussion on relevant topics and assessment of case studies, ultimately supporting the Chamber’s strategic initiatives and goals. Anyone who has a genuine interest in community leadership and wants to broaden their scope of knowledge beyond their current level is encouraged to apply to Leadership Joplin.

By the end of Leadership Joplin, participants will:

- Cultivate and develop leadership skills, making a positive impact personally and professionally
- Develop an enhanced view and a new meaning to the word community
- Recognize interactions between private citizens and public organizations
- See Joplin in terms of the “big picture”
- Develop relationships with classmates, presenters & Leadership Joplin Alumni
- Gain valuable networking contacts with community, business and industry leaders
- Be prepared to serve the community and know the service opportunities available
- Understand Missouri Public Policy

The 2019 Leadership Joplin Program

Each Leadership Joplin session is different. Whether it’s a lively panel discussion, an interesting field trip or a group activity, each session is specifically designed to expose participants to all aspects of a particular topic. Although the preliminary schedule shows the commitment required, it is important to understand the expectation of attendance at all sessions. One individual’s failure to attend diminishes the experience for the remaining members of the program. Participation and attendance are the cornerstones of a successful program. It is an intensive program, from January through June with work outside of class time. If your schedule does not allow your full participation, you should seriously consider whether Leadership Joplin is right for you. If you have a conflict with one of the session dates, please consider waiting to apply until next year.

Fletcher Auto Group
Class of 2014

LEADERSHIP JOPLIN

The Selection Process

Because no more than 44 individuals can participate in Leadership Joplin, it is necessary to have an application and commitment process. Each potential participant must submit a completed application and tuition payment for \$800 to be considered for the program. You could be eligible for a scholarship by submitting a request for a 2019 class registration scholarship and the reason why you feel you would be a good recipient. More details are available upon request. In addition to reviewing each individual's qualifications, the committee strives for a broad spectrum of experience and background. The class, as a whole, will benefit greatly from interaction with a wide variety of people from unique organizations.

Leadership Joplin is based on the following individual criteria:

- **Completed application and tuition payment must be received by Monday, December 3, 2018, 5 p.m.**
- Involvement in professional and/or managerial positions
- Demonstrated ability and desire to assume greater community leadership responsibility
- A clear willingness to make a commitment to the demands of the program and the community
- Proof of the full support of the organization or business they represent and a member of JACC

Applicants will be notified of their acceptance into the program by Monday, December 10, 2018.

Class Participation

As part of the 2019 Leadership Joplin program, you will be working with Motive Matters - Van & Tammy Benson, executive trainers. You will be required to take the "Color Code" assessment to help you better understand what motivates you, and how it relates to the other members of your class. This has proven to be a valuable part of the bonding process. Motive Matters was developed to help people understand themselves and others better, and to learn how to communicate more clearly and more effectively with people both personally and professionally.

After acceptance to LJ 2019, you will receive an introduction letter that will include the link and instructions for you to take the profile test and learn what color you are.

The test must be completed prior to Friday, December 28, 2018.

When you are answering these questions, it is important that you try to answer the questions as if you were back in your childhood. As we live our lives, our true motives can sometimes be altered by life experiences, and we want to know your inner core values. We look forward to getting to know another great group of Joplin Leaders!

Tammy and I look forward to meeting you and sharing the Motive Matters message of great relationships with you. We have enjoyed the friendships we have created with professionals just like you, while working with our great Joplin Area Chamber of Commerce. Congratulations on your decision to become part of the Leadership Joplin Class of 2019!

*Best of living,
Van and Tammy Benson*

Leadership Joplin Class of 2002

Worth Your Time

Although the application and selection process for Leadership Joplin is challenging, and the commitment of time and energy is extensive, anyone who has been through the program will confirm how beneficial this program is to anyone interested in taking a leadership role in the community. If you have questions about the program, feel free to contact any of the 2019 Leadership Joplin Steering Committee members. They are graduates of the program and are more than happy to talk about what it did for them.

To say that my Leadership Joplin experience has been incredible would be a gross understatement. Leading up to my enrollment, I heard several stories from my peers and previous graduates about the personal growth that they experienced and the relationships that were developed as a result of completing this program. With that in mind, the stage was set and the bar was even higher than my expectations. As each session progressed, I immediately felt challenged to grow as a leader and to increase my involvement as a community member. Encounters with passionate business leaders and conversations with local authorities and government officials opened up my understanding to the diversity and complexity that can be found in the city of Joplin. These moments have become essential to my own personal development and they will have a lasting impact on the servant leader that I one day hope to become. For me, Leadership Joplin has been nothing short of extraordinary. Not only has it sharpened my professional skills and expanded my network, but more importantly, it has repurposed the fire inside of me to become a better servant leader at home and in my work place.

Isaac Norman, Arvest Bank
Leadership Joplin Class of 2018 (Class Speaker)

Class Attendance

Many volunteers, sponsors and speakers work hard to make this a valuable program. Attendees are expected to be on time and attend the entire program each day. Absences or tardies must be approved, in advance, by the Committee Co-Chairs or Chamber program director. If more than two sessions are missed, you will not be eligible to graduate and will be dropped from the class and may apply for reconsideration the following year. **Attendance at the opening overnight retreat and graduation is mandatory.** If you cannot attend these two sessions, you should not submit an application. Missing the Jefferson City session counts as two sessions.

Employer's Agreement

I fully support the application of _____

to the 2019 Leadership Joplin Program. I am aware of the time commitment necessary and the financial obligation.

Signed (employer): _____

Date: _____

List community organizations in which you play an active role. _____

What is your favorite leadership quote? _____

What area do you see yourself getting involved with JACC? _____

Arvest Bank believes strongly that people are the most valuable asset of any organization, including business and community. We are proud to be the presenting sponsor of Leadership Joplin and a part of developing leaders that will continue to provide the guidance and direction for the Joplin area for years to come. We have seen first-hand the knowledge, insight, and engagement that this program fosters in each participant and that energy is multiplied as each goes back to their daily routines and interacts with others. This excitement and connectivity is an example of what will continue to make Joplin a great place to live and work.
